

- 9) **Emergency 'warm space' provision** – Simon Ward/Clerk have submitted a joint grant application to the SSE resilience fund to purchase of a generator, infrastructure and required housing (approx. £5,000) – decision due in autumn.

Following last months meeting there was some discussion with the church who were willing to help, but in light of the possible grant, it was felt the hall was more suitable.

- 10) **Rogate Youth Club** – email circulated – club have been unable to pass funds to Sussex Clubs for Young People following their collapse. Would the PC hold (approx. £5,000) –

The funds received are to be ring fenced for the youth of Rogate and only used for parks and open spaces to support new or replacement play equipment. Alternatively, they may be used at the discretion of Rogate Parish Council to provide initial support funding if a new Youth Club is formed. Funds to be ring-fenced for extra funding not something that would be included in normal PC annual budgeting funding.
